

HOW TO REACH LAMINADOS LOSAL, S.A.

If you are coming from Amorebieta - Bilbao on the BI-635 road and to enter into Gernika take the “**Centro urbano (city centre)**” detour on the right hand side.

After about 0.8 km after you have entered into Gernika you see a roundabout. Where you must take the second exit, direction **Centro (city centre), Bermeo**. There we will enter onto the Iparagirre Street (kalea).

From then onwards you will also have the railway tracks parallel on the right hand side. After about 0.9 km take **the second level railway crossing** but before doing so you must first be situated on the right hand side just as the photograph indicates.

Once you have crossed the second level crossing, you will have a small roundabout in which you should take the third exit (left direction). At about 30 metres just after exiting the roundabout, you will see a big signpost on the right which indicates where you can find **LOSAL**.

We are at BEKOIBARRA, N° 9
48300 GERNIKA (BIZKAIA), just behind the train and bus station.
